Re: Partnership request for Influential Leadership Programme

“Some people choose to leave positive, memorable events on earth before they pass on and they are remembered for generation. You can choose to influence your generation and impact lives of millions of people who aspire to follow your footsteps and leave a legacy to the next generation when you are gone”. **Unknown**

Dear Peter,

As an inspiring leader, you will agree with me that there is an undisputable need to leave a lasting legacy for the 21st century generation.

For the past five years I took time to invest on trying to understand the really meaning of Leadership. As a leader of an Iconic Women Organisation that promotes Leadership on women on the Continent, [Leading Women of Africa](#), I have invested myself to learn about what it really means to be a true leader. I have come to understand that to be a true leader will mean to look back and admire the legacy left behind.

As part of personal mission, I have developed a programme that seeks to equip current and future African leaders with necessary tools that will allow them to lead with influence in the 21st Century.

The Influential Leadership Programme (ILP) is designed to catalyse real and practical change in the life of individuals by deeply developing their influential leadership capacity.

The Influential Leadership Programme (ILP) will equip them with practical tools to understand their full potential and leadership role in their family, career, business and political environment.

I would therefore like to invite you as one of our strategic partners by becoming one of our Keynote Presenters at our workshops.

Our delegates will have much to gain from your perspective and experience; therefore I hope you will honour them by accepting to impact them with your knowledge, expertise and experience.

Please find attached the brochure which includes all necessary information on the programme.

We look forward to your prompt feedback as we prepare our next intake which is due to take place from 24-28 June 2013 in Cape Town.

Yours truly

Madelein Mkunu
Anchor Facilitator
